SOUTH CENTRAL
COMMUNITY FOUNDATION

SCHOLARSHIP CHALLENGE

Help your school win up to $2,000 in grant support!

How it works...

- ***Students apply for SCCF Scholarships.***
- ***SCCF tracks the percentage of students who completed the universal scholarship application compared to their class size.***
    - ***Be sure to follow South Central Community Foundation on Facebook/Instagram for updates.***
- ***The school with the highest percentage of completed universal scholarship applications will receive a $1,000 grant made out to their school.***
- ***Schools whose percentage is above 30% will be entered in a drawing for $1,000 grant made out to their school.***

If your school is a recipient, the senior class must decide what the grant dollars are spent on before the end of the school year. SCCF staff will present the schools with their grant dollars following the SCCF Scholarship due date of March 1st!
